

Tree Safety Checklist

It's time to take a look at your trees! Take this checklist outside as a first step in identifying hazards on your property. *(check yes or no)*

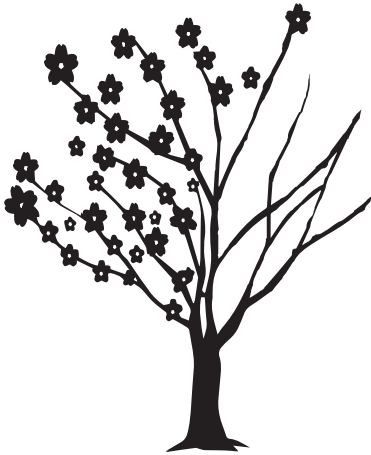

Does your tree have a significant lean?

Yes No

Do you see a notable gap in the canopy?

Yes No

Is your tree unevenly leafing out/budding?

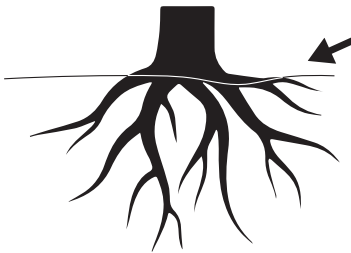

Yes No

Do you see any large dead limbs in the tree? Yes No

Are there large dead branches that have fallen on the ground? Yes No

Do you see any fungus on the branches, trunk and/or surrounding ground? Yes No

Does the trunk seem deformed? Yes No

Does the root flare seem abnormal or partially gone?

Yes No

If the tree is an evergreen, is it browning?

Yes No

If you checked yes, it's time to call your arborist!

Give **Top Tier Trees** a call at **678-910-0066** today for a complimentary arborist consultation.
